# Vision

**"Success is like a journey and the teacher is your navigation.  
Right guidance not only shortens the journey of success  
but also makes it pleasurable".**

**Prof. S. Baliyan**

*To transform lives and  
impart value-addition to  
whoever we touch, by our  
ethics and quality mentoring.  
We strive to initiate amongst  
one and all, a metamorphosis  
towards professionalism  
and ultimate success.*

The difference between a successful person and others is neither the lack of genius nor the lack of resources, what differentiates a successful man from the crowd is his clarity of vision and the iron will. Nothing can stop a man who knows where he is going.

The greatest results in life are usually attained by simple means and the exercise of ordinary qualities. These may for the most part be summed in these two: conviction and preparation.

It is an age old saying that "the more you sweat in peace, the less you bleed in war". So work diligently to attain your goal.
