CASE STUDIES

Q.7. Sunil is a young civil servant and has a reputation for his competence, integrity, dedication and relentless pursuit of difficult and onerous jobs. Considering his profile, he was picked up by his bosses to handle a very challenging and sensitive assignment. He was posted in a tribal dominated district notorious for illegal sand mining. Excavating sand from river belt and transporting through trucks and selling them in black market was rampant. This illegal sand mining mafia was operating with the support of local functionaries and tribal musclemen who in turn were bribing selected poor tribal's and had kept the tribal's under fear and intimidation.

Sunil being a sharp and energetic officer immediately grasped the ground realities and the modus operandi followed by the mafia through their devious and dubious mechanism. On making inquiries, he gathered that some of their own office employees are in hand and glove with them and have developed close unholy nexus. Sunil initiated stringent action against them and started conducting raids on their illegal operations of movement of trucks filled with sand. The mafia got rattled as not many officers in the past had taken such strong steps against the mafia. Some of the office employees who were allegedly close to mafia informed them that the officer is determined to clean up the mafia's illegal sand mining operations in that district and may cause them irreparable damage. The mafia turned hostile and launched counter-offensive. The tribal musclemen and mafia started threatening him with dire consequences. His family (wife and old mother) were stalked and were under virtual surveillance and thus causing mental torture, agony and stress to all of them. The matter assumed serious proportions when a muscleman came to his office and threatened him to stop raids, etc. otherwise; his fate will not be different than some of his predecessors (ten years back one officer was killed by the mafia).

- (a) Identify the different options available to Sunil in attending to this situation.
- (b) Critically evaluate each of the options listed by you.
- (c) Which of the above, do you think, would be the most appropriate for Sunil to adopt and why?

unfortunate incident. The management told you to resolve the issue with flying squad at any cost. They further said that such incident will not only tarnish the image of the college but also the politician and businessman are very important personalities for the functioning of the college. You were also given hint that your further promotion to Principal depends on your capability in resolving this issue with flying squad. In the meantime, you were intimidated by your administrative officer that certain members of the student union are protesting outside the college gate against the senior lecturer and the students involved in this incident and demanding strict action against defaulters.

(a) Discuss the ethical issues involved in the case.

(b) Critically examine the options available with you as Vice Principal. What option will you adopt and why?

Q.9. An elevated corridor is being constructed to reduce traffic congestion in the capital of a particular state. You have been selected as project manager of this prestigious project on your professional competence and experience. The deadline is complete the project in next two years by 30 June, 2021, since this project is to be inaugurated by the Chief Minister before the elections are announced in the second week of July 2021. While carrying out the surprise inspection by inspecting team, minor crack was noticed in one of the piers of the elevated corridor possibly due to poor material used. You immediately informed the chief engineer and stopped further work. It was assessed by you that minimum three piers of the elevated corridor have to be demolished and reconstructed. But this process will delay the project minimum by four to six months. But the chief engineer overruled the observation of inspecting team on the ground that it was a minor crack which to not in any way impact the strength and durability of the bridge. He ordered you to overlook the observation of inspecting team and continue working with same speed and tempo. He informed you that the minister does not want any delay as he wants the Chief Minister to inaugurate the elevated corridor before the elections are declared. Also informed you that the contractor is far relative of the minister and he wants him to finish the project. He also gave you hint that your further promotion as additional chief engineer is under consideration with the ministry. However, you strongly felt that the minor crack in the pier of the elevated corridor will adversely affect the health and life of the bridge and therefore it will be very dangerous not to repair the elevated corridor.
